

Fine Motor Presentation

To All Parents, Grandparents, Neighbours, Friends

You are invited to a presentation on **fine motor development** for preschool children on:

Wednesday, April 22, 2009, from **6:30 – 7:30 p.m.**, in the **Multi-purpose Room**, at **École Robert H. Smith School**.

Fine motor skills are the skills required for children to draw, color, cut, print, and fasten buttons and zippers.

What are the expectations for Nursery and Kindergarten? When should my child begin to print? How is printing taught at school?

Should I correct the way my child holds a pencil? These questions will all be answered! Learn some fun games and activities to encourage your child's proper fine motor development.

This evening will be an information session for adults.

Come with your questions and concerns! Please feel free to contact Karen Loveridge at École Robert H. Smith School (488-1137) if you require more information.

We look forward to seeing you!
