Ways in helping to reduce the spread of germs and viruses in our school.

- Wash your hands frequently with soap and water for at least 20 seconds—about the same time it takes to sing “Happy Birthday” twice or the entire ABCs.
- Cough or sneeze into the inside of your elbow.
- Avoid touching your eyes, nose or mouth as germs and viruses can transfer from the hands into the body in this way.
- Stay at least three feet away from anyone who is sick.
- If you are sick stay home from school.

A Reminder to all students, when you are feeling ill and have to come into the office to use the phone to call your caregiver/parent, please make sure you let an office clerk speak to that person **before** you leave the building. Thanks
